MEDICO LEGAL EXPERIENCE:

Dr Ioannis Mavroudis is a Neurologist and trained Expert Witness who is instructed on clinical negligence and personal injury cases by Claimants and Defendants. He is also experienced in giving evidence in court.

Dr Mavroudis has completed over 1,000 reports and has 5+ years as an expert witness. He has worked on cases including, criminal, civil, clinical negligence, PI, serious and catastrophic injury, employee liability, breach of duty, causation and condition and prognosis.

A large proportion of these cases related to traumatic brain injury (TBI), post-concussion syndrome, functional neurological disorder (FND), motor neurone disease (MND, dementia, peripheral nerve injury and epilepsy.

CLINICAL EXPERIENCE:

Dr Mavroudis is currently the Lead of the Concussion Clinic at Leeds Teaching Hospitals, and is a member of the FND service.

Dr Mavroudis has worked with cognitive disorders for 1 year, motor neurone disease for 1.5 years, neurology emergencies for 1 year and movement disorders for 1 year.

He runs a private practice in London and Leeds, and sees patients with mild traumatic brain injury and FND.

He is a visiting Researcher with the Leeds University and the Aristotle University of Thessaloniki, a fellow of the department of Neuropathology at Saint James' University Hospital, a Professor of Neurology and Neurogenetics at the Cyprus Institute of Neurology and Genetics and Cyprus School of Molecular Medicine.

Additionally, he is a member of the British Neuropathological Association, the Greek Neurological Society, the American Association for the Advancement of Science and the Medical Association of Thessaloniki.
