MEDICO LEGAL EXPERIENCE:

Dr Mavroudis is a seasoned Consultant Neurologist and trained Expert Witness who is instructed on both clinical negligence and personal injury cases by Claimants and Defendants. He is also experienced in providing evidence in court. Renowned for his clarity and expertise, Dr Mavroudis excels at making complex neurological information understandable to diverse audiences.

His precise and reliable testimonies carry substantial weight in legal proceedings, helping to clarify intricate medical issues. His influence extends far beyond individual cases, contributing to advancements in both the legal and medical fields.

Dr Mavroudis has extensive experience as an Expert Witness (6+ years), completing over 1,000 reports. He has worked on cases including, criminal, civil, clinical negligence, PI, serious and catastrophic injury, employee liability, breach of duty, causation, and condition and prognosis.

A large proportion of these completed cases relate to Traumatic brain injury (TBI), post-concussion syndrome, Functional neurological disorder (FND), Motor neurone disease (MND), Dementia, Peripheral nerve injury and Epilepsy.

By leading specialised clinics in general neurology, FND, concussion, and neuromuscular disorders, Dr Mavroudis offers an all-encompassing approach to neurological diagnosis and treatment.

CLINICAL EXPERIENCE:

Dr Mavroudis is currently the Lead of the Concussion Clinic at Leeds Teaching Hospitals, and is a member of the FND service.

With academic credentials including medical degrees, a PhD, a diploma in criminology, and a degree in forensic medicine, Dr Mavroudis is a leading expert in the neurological field.

He runs a private practice in London and Leeds, and sees patients with mild traumatic brain injury and FND. He is a visiting researcher with the Leeds University and the Aristotle University of Thessaloniki, a fellow of the department of Neuropathology at Saint James' University Hospital, a Professor of Neurology and Neurogenetics at the Cyprus Institute of Neurology, and Genetics and Cyprus School of Molecular Medicine.

Additionally, he is a member of the British Neuropathological Association, the Greek Neurological Society, the American Association for the Advancement of Science and the Medical Association of Thessaloniki.
