## MEDICO LEGAL EXPERIENCE:

Dr Adnan Al-Araji is a Consultant Neurologist who has been an Expert Witness since 2013. He has completed over 1,500 reports in both clinical negligence and personal injury.

His ratio of report writing is balanced and completes a measured amount of both clinical negligence and personal injury related cases on a yearly basis (approx.100-150 pcy). He has experience in Court and has witness summons pending.

## CLINICAL EXPERIENCE:

Dr Al-Araji has more than 30-years experience as a Consultant in Clinical Neurology. Dr Al-Araji graduated in 1977 from the University of Baghdad and completed his postgraduate training in General Medicine and Neurology in Iraq and the UK. His postgraduate neurology training included general neurology, neuro-imaging, clinical neurophysiology, neuro-surgery, rehabilitation medicine, intensive care, neuro-ophthalmology, neuro-psychiatry and research methodology. Over the years as a Consultant Neurologist since 1989, he has delivered general neurology and specialised out-patients clinics, on-call duties for acute neurology take and ward rounds for in-patients.

Dr Al- Araji has special interest in inflammatory and demyelinating neurological conditions including Multiple Sclerosis and other inflammatory conditions of the central nervous system. His other duties included teaching and supervising undergraduates of Keele Medical School during their neurology placement and postgraduate general medicine and neurology trainees. He delivered many local, regional and national teaching neurology courses.
