MR PETER PEEV

MD, M.SC., FRCS (ENG)
BILINGUAL: ENGLISH, BULGARIAN

CONSULTANT ORTHOPAEDIC SURGEON

CLINICAL EXPERIENCE:

Mr Peev provides an elective orthopaedic service to his patients with specialism in hip and knee conditions. He currently carries out around 150 joint replacements per year and 200-300 day cases. His surgical expertise covers the following fields: Elective orthopaedic surgery - Hip arthroplasty – primary and revision surgery, currently using hybrid system for primary cases. Knee arthroplasty – Primary and Revision surgery. Majority of my cases are managed with cruciate retaining prosthesis.

The National Joint Registry reports certify his results in hip and knee surgery as of good standard and good outcome. Mr Peev's clinic work also involves soft tissue knee surgery involves arthroscopic meniscal surgery, patella stabilisation and realignment procedures. Mr Peev conducts cases relating to trauma surgery, major and minor trauma to lower and upper limb also including routine trauma and complex periarticular, intraarticular and periprosthetic fractures.
