DENTIST

CLINICAL EXPERIENCE:

Dr. Michael is a highly experienced and accomplished dental professional with an extensive clinical background spanning over two decades. Since graduating from the University of Wales College of Medicine in 2002, he has excelled in various aspects of the profession, becoming a well-rounded expert in the dental industry.

For the past 18 years, Dr. Michael has served as the Managing Partner of a family-owned dental practice in Cheltenham. In this role, he has gained valuable insights into the day-to-day challenges faced by fellow dentists and practice owners. This unique perspective not only allows effective business management, but has also equipped him with a comprehensive understanding of the legal and compliance issues that are integral to running a dental practice.

Dr. Michael's practice offers an exceptionally broad spectrum of dental care to patients of all ages. His expertise includes cosmetic dentistry, gum disease treatments, oral surgery and restorative dentistry.

His dual roles as a clinician and practice owner have not only contributed to his professional growth, but have also enriched his ability to navigate complex scenarios effectively. Dr. Michael's ability to balance his clinical expertise with his legal background makes him an invaluable asset in legal proceedings, where he can provide reliable and well-informed testimony.
