MEDICO LEGAL EXPERIENCE:

Dr Mark Miller is a Consultant in Pain Management and Expert Witness who has been writing reports since 2000.

He is a highly regarded expert specialising in pain management reports and is instructed by Defendants and Claimants.

During the 20+ years of proving reports for the Court, he has built a balanced ratio of 50/50 and has attended Court on a number of occasions to provide witness evidence.

During the last 7 years alone, Dr Miller has produced over 700 reports of varying types relating to serious and catastrophic injury, accidents at work, RTA and motorbike/cycle accidents, PI related issues, slips, trips and falls.

CLINICAL EXPERIENCE:

Qualified 1990 MBChB Manchester University and became a Consultant in 1999.

Throughout his years of experience, he has perfected the use of steroid and facet joint injections, radiofrequency denervation techniques, and the use of botox for pain conditions.

He has a special interest in sports injury medicine and has treated a number of professional footballers.

He performs x-ray-guided facet joint injections and epidural injections for pain relief.

He is also interested in the precision diagnosis of spinal pain with the help of nuclear medicine investigation using SPECT CT scanning.

In addition, Dr Miller has wide experience in all types of anaesthesia and specialises in the treatment of back, spinal pain and chronic pain.
