CURRENT ROLE:

Orthopaedic Surgeon & Medico Legal Expert

Independent (January 2005 - Present)

Clinical Negligence Advisor

Various law firms

CASES RELATING TO

- All complex whiplash injuries from RTA
- Low Velocity Impact (LVI) and biomechanics

Dr Shaikh is the leading whiplash injury expert in the UK. He holds the distinction of being the only expert to have undergone advanced training in Whiplash Injury Biomechanics, honed over three years in the US under the tutelage of renowned expert Dr. Arthur Croft.

He is MEDCO accredited, making him readily available for medico-legal reports in road traffic accident claims. His expertise extends beyond low-velocity impacts, encompassing the full spectrum of complex whiplash injuries. Dr Shaikh provides invaluable support to law firms seeking to establish or strengthen their clinical negligence departments. He undertakes medical screening of their caseload and provides management framework to run clinical negligence cases effectively.

Drawing upon his wide experience as a medical expert, Dr Shaikh is well placed to advise law firms to select financially viable clinical negligence pursuits. This proactive approach not only increases the success rate of their cases but also mitigates potential financial losses from unsuccessful claims.

MEDICO LEGAL EXPERIENCE:

Dr Shaikh is instructed by Claimants and Defendants in personal injury, clinical negligence, and serious/catastrophic injury cases. He has completed extensive Bond Solon training in report writing, courtroom skills, cross examination, and legal procedures, further bolstered by courses in the Medico-Legal updates.

With over 25,000 personal injury reports prepared since 2001 and an annual caseload of approximately 1000, Dr Shaikh possesses a wealth of practical knowledge. He stays current in the field of Orthopaedic Surgery through active participation in courses, seminars, and conferences.

He regularly engages in group discussions and meetings with local medical practitioners to refine his understanding of injury presentations.

Dr Shaikh's special expertise lies in LVI whiplash, degenerative spine problems, and work-related back pain.

CLINICAL EXPERIENCE:

Dr Shaikh, a seasoned Orthopaedic Surgeon with over 20 years of experience, excels in both clinical practice and medico-legal expertise.

Having trained in the UK, Australia, and India, Dr Shaikh boasts extensive experience managing trauma patients and whiplash injuries.

Dr Shaikh's clinical career began in India, where he qualified as a doctor and later specialised in Orthopaedics. After honing his skills in Australia, he embarked on a successful NHS career in England. Driven by an entrepreneurial spirit, he founded his independent medico-legal practice in 2005, providing expert opinions to accident victims, legal professionals, and courts.

Further enriching his skillset, Dr Shaikh obtained an MBA in International Healthcare Management.

His passion for healthcare extends beyond clinical practice, as he mentors a non-profit healthcare organisation in India and advises a telehealth startup. He aspires to become a Non-Executive Director, leveraging his diverse cultural background and professional training in corporate governance.
