MR SIMON JENNINGS

CONSULTANT IN ORTHOPAEDIC AND TRAUMA SURGEON

MB, BS, BSC, DIP, SPORTS MED, FRCS, MFSEM

CASES RELATING TO:

Knee:

- NAVIO Robotic Knee Replacement
 - Total knee replacement
 - Partial knee replacement
 - Revision knee replacement
- Anterior cruciate ligament (ACL)
- Arthroscopy
- Osteotomy
- Soft tissue injury

Hip:

- Robotic replacement
 - Total hip replacements
 - Partial hip replacement
 - Hip debridement
 - Hip injections
 - Trochanteric pain
- **Knee and Hip injections for pain:**
 - Ostenil plus
 - Durolane
 - Hyaluronic acid injection
 - intra-articular injection
 - Viscosupplementation

Trauma:

- Lower limb reconstruction
- Post-trauma fixation (ORIF)
- Sports injuries
- Joint damage requiring reconstruction

Hand/Upper-limb/Musculoskeletal issues:

- Carpal tunnel syndrome
- Ganglion cyst
- Trigger finger treatment (stenosing tenosynovitis)
- Hand and wrist ligament reconstruction
- Wrist pain
- Amputation
- Non freezing cold injury (NFCI) (hand)
- Degloving
- Trzpeziectomy
- Distal radius fractures
- Frozen shoulder hydrodilatation
- Humerus
- Clavicle
- Elbow
- Fracture or break

MEDICO LEGAL EXPERIENCE:

Mr Jennings is an Consultant in Orthopaedic and Trauma Surgery with over 18 years clinical experience. He acts in all knee and hip related cases and has a specialist interest in robotic knee and hip surgery and replacement.

He has a vast experience across broad range of orthopaedic/trauma related medico-legal issues including but not limited to; lower-limb reconstruction surgery, open reduction internal fixation (ORIF) of fractures, osteotomies, sports injuries and soft tissue injuries.

Mr Jennings is a global expert in CORI Robotic Assisted Knee and Hip Replacement. He uses robotic enabling technology for all his knee and hip replacement surgery.

Mr Jennings is instructed by Claimants in relation to clinical negligence and personal injury reports. He is happy to opine on causation, liability, breach of duty and condition and prognosis. He is experienced in working collaboratively with legal professionals and medical experts and is able to provide oral evidence in court when required.

CLINICAL EXPERIENCE:

Mr Jennings is a Consultant Orthopaedic and Trauma Surgeon, with over 30 years, specialising primarily in hip and knee surgery – including robotic-assisted joint replacement, sports related injuries, arthroscopy, ligament reconstruction, revision surgery and lower-limb reconstruction.

He has a special interest in knee and hip surgery, at London North West University Healthcare NHS Trust in 2005. Mr Jennings trained in medicine at St. Bartholomew's Hospital, where he qualified in 1992 and subsequently underwent basic and higher surgical training in London.

His Orthopaedic training at the University College Hospital rotation including the Royal National Orthopaedic Hospital, in Stanmore. He then worked as a Fellow in Knee Surgery at the Wellington Hospital Knee Surgery Unit, where he developed his on-going interest in knee surgery.

Mr Jennings additionally has significant experience treating high level athletes in rugby and judo and managing sports injuries and trauma, which enhances his understanding of acute and chronic musculoskeletal injuries.

His aim is to provide a service which allows rapid assessment, diagnosis, and management of knee and hip conditions. He will explore all modalities of treatment and select a path to recovery that is tailored to the patient's needs, aiming to return the patient to full function as soon as possible. In order to achieve this, Mr Jennings uses state of the art techniques to improve accuracy and outcomes.

He is also widely recognised as a pioneer in robotic-assisted joint replacement surgery (hip and knee), using systems such as CORI (and previously NAVIO), and teaches other surgeons nationally and internationally.
