DR SHOUVIK SAHA Consultant radiologist

BSC, MBBS, FRCR

CASES RELATING TO:

- General radiology
- Musculoskeletal radiology
- Musculoskeletal ultrasound
- Acute and general CT imaging
- Trauma imaging
- Arthritis imaging
- Spinal imaging
- Fractures
- MRI
- CT
- Spinal injections
- Thoracic meningocele
- Ophthalmology
- Colorectal cancer
- Lupus
- Thyroid eye disease
- Occult giant cell arteritis (GCA)
- Uveitis
- Oral and Maxillofacial
- Imaging of the shoulder
- Aseptic lymphocyte-dominat vasculitis lesion (ALVAL)

- Metastatic squamous cell carcinoma (SCC)
- Epigastric pain
- X-ray
- MRI in orthopaedics
- Ultrasound
- Image guided injections
- Ultrasound suprascapular nerve
- Cerebral palsy
- Rheumatology
- Dyspnoea
- Pseudoaneurysm
- Posterior interosseous neuropathy (PIN)
- Impalpable parotid oncocytoma
- Skeletal radiology
- Paediatric chest radiographs
- Dacryocystorhinostomy surgery outcomes
- MSK hand and wrist injury
- Cytology
- Soft tissue injuries
- Sports injuries

MEDICO LEGAL EXPERIENCE:

Dr Saha is a Consultant Radiologist with subspecialty expertise in Musculoskeletal Radiology. He provides specialist imaging services for arthritis, spinal disorders, and sports injuries and holds the position of Trust Lead for Spinal and Rheumatological Imaging within his NHS practice.

Dr Saha has completed the Cardiff University Bond Solon Expert Witness Certificate, having undertaken advanced training in both excellence in report writing and excellence in courtroom skills. This formal training underpins his commitment to delivering clear, objective, and legally robust expert reports.

He accepts instructions on behalf of both Claimants and Defendants in clinical negligence and personal injury cases. Dr Saha is experienced in providing expert opinion on causation, condition and prognosis, breach of duty and liability.

CLINICAL EXPERIENCE:

Dr Saha is a Consultant Musculoskeletal Radiologist at the Royal Wolverhampton NHS Trust, where he has been serving since 2014. He specialises in advanced imaging techniques for diagnosing and treating a variety of musculoskeletal disorders, including conditions affecting the joints, muscles, tendons, nerves and spine.

Dr Saha graduated with distinction from Guy's, King's & St. Thomas' School of Medicine in 2006 and prior to that gained a First Class Honours degree in Radiological sciences from King's College London.

Dr Saha completed subspecialty fellowship training in Musculoskeletal Radiology at McGill University Health Centre in Canada. His training was further enriched by visiting fellowships at internationally renowned centres including the Royal National Orthopaedic Hospital, the Nuffield Orthopaedic Centre in Oxford, and Jikei University Hospital in Tokyo.

In his NHS role, Dr Saha serves as the Trust Lead for Spinal Imaging and Rheumatological Imaging, where he plays a key role in service development and the integration of advanced imaging techniques into clinical pathways. His practice focuses on high-resolution MRI and CT imaging for the assessment of complex musculoskeletal conditions, including inflammatory arthritis, degenerative spine disease, and soft tissue injuries.
