Her practice spans clinical negligence and personal injury matters, including road traffic accidents, accidents at work, slip and trip claims, and criminal cases involving dental injury. She produces approximately 50 reports per year and is recognised for her thorough analysis and adherence to Civil Procedure Rules.

Alongside her medico-legal work, Dr Salim continues to practise as an Associate General Dentist, ensuring her opinions remain firmly grounded in current clinical standards and everyday dental practice.

Dr Salim can provide oral evidence in court when required.

CLINICAL EXPERIENCE:

Dr Salim is an experienced General Dental Practitioner with many years of hands-on clinical practice in primary care dentistry. She provides comprehensive NHS and private dental care, managing patients across a broad range of routine and complex presentations.

Her clinical work includes preventive dentistry, diagnosis and treatment planning, restorative dentistry, management of dental pain and infection, and ongoing patient care.

Dr Salim has extensive experience in assessing dental conditions, interpreting clinical records and radiographs, and managing complications arising from dental treatment. She regularly treats patients with acute dental trauma and complex dental histories, giving her a strong practical understanding of standards of care, consent, record-keeping, and risk management within general dental practice.

She is a member of The British Dental Association and has conducted clinical whitening trials for Colgate. This involved shade assessments and taking clinical photographs of participants.

Dr Salim has previously been an interviewer for the University of Liverpool Dental School, this involved interviewing prospective students for the BDS and BSc Dental Hygiene and Therapy courses
